Many parents find paying by credit card over the phone is the most practical method of payment. Please call before your daughter visits the MLC Uniform Shop, as this avoids phoning you at an inconvenient time and helps us to streamline our service during the peak times of the day.

Otherwise, cash and eftpos are both acceptable.

TAKING CARE OF YOUR MLC WOOL JUMPER

The MLC jumper is made of 50% wool and 50% acrylic yarn.

Instructions are sewn into each garment giving basic washing instructions, however to ensure that everyone enjoys the natural qualities of wool at their best we have produced this information sheet.

Machine wash

- Turning knitwear inside out before washing will protect the surface and prevent it from picking up fibres from other items.
- Select wool cycle. The wool cycle will agitate your washing in a gentle manner and use a slow spin.
- Ensure the water is no hotter than 40°C (lukewarm) and use a mild detergent, e.g. Softly. If you put a wool sweater in the washing machine on a hot setting it may shrink by up to 60%.
- Dry flat in the shade or inside.
- Do not tumble dry.

Hand wash

Hand wash your jumper in lukewarm water (40°C) using a mild detergent, e.g. Softly, making sure the powder or liquid is fully dissolved before immersing the garment. Squeeze the garment gently in the liquid, but avoid rubbing. A short soak will help to lift dirt and stains.

The natural properties of wool allow it to release dirt easily and rubbing and wringing is likely to damage it. Rinse your jumper in lukewarm water several times to allow the dirt and detergent to float away. Squeeze dry, avoiding wringing and dry flat in the shade or inside.

Your MLC jumper may be spun dry in your washing machine on the wool cycle. Do not tumble dry.

Dry cleaning

Dry cleaning your jumper is a safe alternative.
